

# Linear OPERATORS

## Introducing the Linear Garage Door Opener

Because of a large price increase from *LiftMaster* and our desire to offer a great product at a fair price, we have changed our contractor series of openers to **Linear.**

*We can still provide the LiftMaster contractor series M385 & 3280 openers at an increase in price.*

**1/2 HP Deluxe Garage Door Operator,  
Quiet Belt Drive or Solid Performing Chain,  
Self-Diagnostic System, Built-In Light  
With Wall Station and One Remote**
